9/7/10

Dear Sir/ Madam,  
Greetings from the Organising Committee of NEOCON 2010.

You must be aware that the XXX Annual Convention of Neonatal Forum of India –the official apex body of the Neonatologists is to be held at Jaipur from the 7<sup>th</sup> to 10<sup>th</sup> October, 2010.

This conference is well known for its high academic content, CME's, Guest Lectures from leading International and National speakers, orations, scientific deliberations of the highest standards and excellent hands on training workshops.

We all know that India still continues to have a very high Infant Mortality Rate out of which new born deaths account for almost 2/3 of these deaths. There is a lot of focus now on improving newborn care especially under RCH and NRHM.

This conference shall be a major step towards improvement in this area. We request you to kindly extend this invitation to all Doctors/Paediatricians/Neonatologists and particularly the Nursing staff of your institution/department involved in Newborn care to attend this conference and improve their knowledge in this field.

We are enclosing a poster of the convention to be put up on the office board of the department.

The details of the workshops, scientific programmes and registration etc. can be seen on the website [www.neocon2010jpr.com](http://www.neocon2010jpr.com) or can be inquired via email at [info@neocon2010jpr.com](mailto:info@neocon2010jpr.com).

With kind regards,
