Sub: Regarding PIS format
Ref: Earlier even no. letter 2663 & 2664 dated 3.6.09

With reference to the above RHSDP had issued directions to all CM&HOs and DPC's (letters enclosed) for compiling of information in the PIS formats developed by NIC as a component of "HEALING SOFTWARE". This decision was taken to help improve management of human resources in the state's health sector through HM(S). The Project has facilitated collection and compilation of information from the districts in the desired format through DPCs.

Till date we have received 66 formats from 4 districts (list enclosed), as this information is being uploaded by IT Consultant, NRHM the formats are also being enclosed for necessary action at your end. The project would be forwarding all formats to your section on receipt of the same from the districts.

Subj: Regarding: This format

As you are aware a comprehensive software (H.M.I.N.G. Software) has been developed by NIC to compile and monitor the progress of H.D.P. various critical health programmes etc. across the state. As part of strengthening H.M.I.N.G. in the Medical & Health Department of the state, it has been decided to implement the Electronic Information Systems (EIS) to help improve management of human resources in the state health system. The Project will involve collection and compilation of information from the district medical and health officers. It is hereby directed that a permission is being made human resource information to be submitted to the project office.

Kindly issue orders to all District Medical Officers to provide the above mentioned information in the specified format. The information to be provided should be verified to enable correct entries at the state head quarters. The information should be checked for any incorrect/wrong information furnished through the formats. The formats are to be compiled by DPC, RHSDP facility wise and sent to PNH in one month's time on receipt of GO letter. Kindly take personal interest and treat this activity on a priority basis.
