As per the list

Subject: Authorisation of NABL accredited food testing laboratories for analysis of food sample taken under FSS Regulation 2011 - reg.

Sir

I am directed to refer to the subject mentioned above and to inform that under the provision of Section 43 of FSS Act, 2006, FSSAI intends to notify NABL accredited food testing laboratories for conducting test as per requirement of Food Safety Regulation 2011. The related laboratory(s) will be required to have NABL accreditation for the test parameters as per the Food Safety Regulation 2011. It is required to indicate the package average charges for a particular package/set of tests/parameters.

FSSAI is in the process of selecting such laboratories through an open invitation available on its website. However in interim FSSAI proposed to nominate your laboratory for undertaking food testing required under the FSS regulation 2011 on ad-hoc basis for a period of two months or till further order whichever is earlier. You are requested to indicate your consent for the above. It is to inform that the charges for these tests will be as per the existing charges as admissible for testing of imported food.

You are further requested to certify that there is no conflict of interest of the laboratory for testing these food samples.

Your response is requested by 29/8/2011.

Yours faithfully,

(Shaikh Nadeem Ahmed)
