F. 18 (19) NRHM/MMU/DC part III/ 129

Date: 10/6/15

Addendum no.1

The following amendments are hereby effected in the document for Request for Proposal (RFP) for implementation of Mobile Medical Services in Rajasthan issued on 25th May, 2015 on the basis of queries raised in pre-proposal conference dated 2nd June 2015:-

S.No.	Section	Clause of RFP	Page No.	Content in RFP for Clarification	Clarification/ Modification Required
1	Part A3	Point 2: Evaluation Criteria Stage 2 point 2	13	45% weightage is given to MMU/MMV experience and minimum 70 marks are required for qualification, this favors existing operators and discourages new participants therefore it is requested by Soni hospital that bonus marks may be given for hospitals of excellence e.g. For running a 100+ bedded hospital (15 marks) may be given and if the hospital is NABH another (10 marks).	No change made.
2	Part A2	Point 5.C Services to be offered by a Mobile Medical Unit/ Mobile Medical Van	7	Bidders raised queries related to provision of deliveries in the MMU/MMV, Immunization and follow up of the referred patients from the MMU/MMV. It was requested that it is not possible to conduct delivery in the MMU/MMV and also not possible to carry vaccines due to non-availability of cold storage at base location and inability to maintain cold chain. It was requested that if the ANM may be associated with these services regarding immunization and follow up it can be done as per	Provision of delivery means only if any such emergency occurs in the camp village at the time of camp then the MMU/MMV staff should be capable enough to either conduct the delivery or referral of the case. Orders for involvement of ANM and local ASHA to help in immunization shall be issued

				RFP.	separately. (No change in RFP is required)
3	Part A2	Point 5.3	9	It was suggested by the bidders that the provision of MBBS doctor may be replaced by AYUSH or BDS.	(No change in RFP is required)
4	Part A2	Point 7.B	15	Putting up claim for reimbursement for each van for the following types of expenditure is a challenge : - common administrative overheads, - One-time expenditure like recruitment, training, uniforms - annual expenditure of Insurance - group spending on IEC	Guidelines may be issued separately for the Budget Heads requires one time expenditure or cumulatively but mentioned in monthly break up in RFP. (No change in RFP is required)
5	Part A3	Point 7.B Financial Proposal	15	Service charge would entail applicability of Service Tax therefore financial quote should be exclusive of Service Tax.	Rates shall be inclusive of all taxes. Any tax liability shall be borne by the bidder.
6	Part A4	Point 2.2 & 10.3 Bidder to maintain an average OPD of 2000 per month.	19	1. Penalty in case of lesser OPD is very severe. 2. As per our present experience in the Dists. Of Churu, Jhunjhunu, Alwar and Bundi the average turnout of patients per day per MMU/V is around 64. 3. Further, the numbers will vary and dip sharply during the agricultural seasons as the livelihood takes preference over minor health issues. 4. Also the turnout depends	No change in RFP is required.

				upon size of the population of the village / whether conditions, festivals, holidays etc. 5. Hence we request GoR to reduce the average OPD limit to 1500 per month per van.	
7	Part A4	Point 2 Camp timings 10:00 to 5:00	19	1. PSMRI requests to amend the Camp timings to be between 10 AM - 4 PM. 2. As employees have to travel long distances and ladies will not join for safety reasons	(No change in RFP is required)
8	Part A4	Point 6 Duration of the project will be up to March 31 st 2016 (extendable as mutually agreed by both parties) from the date of commencement. Date of commencement shall be the date of signing the agreement. Duration of the Project is extendable for another six months up to two years.	21	1. By the time the bidding process is completed and allotments are made, it will be end of July,15. 2. Another 45 days for initial set-up, training and commencement of operations. 3. Effective life of project will be 7 months only, which is a very short period to venture into. 4. We propose to make it a FIVE Years term, with annual increase of 10% on the base rate.	Tenure shall be initially for one year from the date of agreement may be extended upto another six months or project period whichever is earlier.
9	Part A4	Point 7 (ii)	22	1. Performance Guarantee to be submitted only after winning the bid and after allotment of the contract. 2. How the scanned copy be uploaded with online-proposal, which is a	Security deposit shall be submitted by the successful bidder after the work order as per terms and

				preceding activity.	conditions of the RFP. It is not to be submitted with the online proposal.
10	PartA4	Point 8 No Advance Financing	22	1. Non-payment of advance will lead financial hardships to the Service Provider as the working capital will be blocked. 2. Service Providers like PSMRI are not-for-profit organizations and registered as societies and hence are NOT eligible for any loans, OD facilities etc., by Banks and Financial Institutions. 3. As you are aware minimum lead time to release payment is THREE months other than the month of incurring expenditure, making it effectively FOUR months cycle of payment. 4. Hence we request to : * Release 90% of the payment on last working of the month of operations. * Balance 10% within 30 days of submission & approval of the Bill / Invoice	Advance financing is not allowed. However guidelines may be issued separately for timely payment to the bidder. (No change in RFP is required)
